TONOPAH, NEVADA, SATURDAY EVENING, JUNE 3, 1911.

PRICE 10 CENTS.

TONOPAH MINES TO BE EQUIPPED WITH HELMETS

TEN HELMETS AND THREE PULMOTERS ARE ORDERED FROM PITTSBURG.

The Tonopah Mine Operators' association has ordered ten fire fighting helmets of the Draeger Oxygen Apparatus company of Pittsburgh and three pulmoters, a device for reviving suffocated persons. This order is the result of the lesson taught by the recent holocaust at the Belmont, and should a like disaster occur at any of the mines, the operators will be able to cope with it.

These life and property-saving devices will be distributed among the Tonopah mines as follows: Three helmets and one pulmotor to the Tonopah Mining company; three helmets and one pulmotor to the Tonopah-Belmont Development company; two helmets to the Montana-Tonopah company, and two helmets and one pulmotor, together with all additional supplies and apparatus to be placed at some central station for the use of all the mines in the district, thus providing an excellent means for fighting any fire that may occur in any of the mines, there being a total of ten fire-fighting helmets for use at any time required. The pulmoters ordered will be of great service in case a miner should be overcome by gas or receive a shock of electricity, something which is liable to happen at any time as they are the very latest and best known device for reviving suffocated persons without leaving any bad effects.

Miners from each company have already been instructed and coached in the use of these modern life-savers, and upon the arrival of helmets, which should not be later than July 1, there is no doubt that extensive drilling will be in order with the rescue crews selected.

A representative of the Draeger company will accompany the shipment of helmets and spend some time in giving instructions and demonstrations as to their use.

LOCAL PLUMBING AND TIN SHOP CHANGES HANDS

LOCAL BOYS TAKE OVER TIN SHOP OF LOTHROP-DAVIS COMPANY.

The plumbing and tin shop of the Lothrop-Davis company has changed hands, Charles Benson and Charlie Coble taking over that department of the big store. The boys who succeed to the business are well-known and well-liked in Tonopah, and that they will make a success is foregone. This shop is one of the oldest in the town and has built up its big business by the excellent work turned out and the promptness with which it was dispatched. Mr. Benson has been with the shop for a number of years and Mr. Coble is a well-known hardware man who has had a large experience in plumbing and tinshop work.

The old shop on Mineral street will be retained and has been stocked with plenty of material to fill any order that will be placed, either by the mining companies or individuals who may have work in that line. A telephone has been installed and an order over the phone will receive prompt attention. The shop will be known as the Nevada Sheet Metal works.

BAND CONCERTS TO START SATURDAY, JUNE 10

The band concerts which have been arranged for Saturday nights during the summer will commence on next Saturday and be continued for 12 weeks. The first concert will be held on upper Main. The Nevada-California Power company has very generously offered to furnish the lights for the bandstand gratis. Next week the names of those who have so generously contributed to this cause will be published.

ELKS WILL GIVE SMOKER AND JINKS TONIGHT

Tonight will be a great night in Elksdom, as the antlers of the local lodge, B. P. O. E., have arranged a big smoker and jinks for the entertainment of their friends, and a large crowd will be in attendance. Invitations have been issued to all members to send to friends not "Brother Bills." Visiting Elks are cordially invited to be present.

AFTER GRAY-HAIRED WAR VETERANS

WASHINGTON, June 3.—Proof that the postoffice was economizing by reducing the salaries of the old soldiers in its employ by the amount of the pension they receive from the government was demanded yesterday by the house committee on civil service reform of Col. John McElroy, editor of the National Tribune of this city.

AMATEUR NIGHT THE BIGGEST HIT OF THE SEASON

IDORA FURNISHES MORE FUN FOR TEN CENTS THAN YOU USUALLY GET FOR \$1.00.

Last night was a hummer at the Idora, if you will please excuse our slang. It was amateur night, and there was class to the amateurs at that. The prize winners were all youngsters, and the way they performed would be a credit to many an old-timer in vaudeville art.

Lena Bohn and Margery Macey, two little girls dressed in white, sang "By the Old Mill Stream," and rendered it in a way that brought them plenty of applause. Their voices blended nicely and they are great little entertainers.

Francis Harrington, a little midget who styled himself as an "eccentric dancer," clogged in a manner that would make some of the professionals ashamed of themselves. Henry Murphy and Francis Harrington, as Kid McCoy and Jack Dempsey, donned the gloves, and for a prize ring, placed two barrels alongside, into which they climbed, and proceeded to demonstrate upercuts, hooks and jabs, which kept the house in a roar.

George Brissel and Jim Campbell, two small boys, rendered "Silver Bells," in boyish voices, and were well applauded. The prizes were divided evenly among the different contestants, as the applause for each was the same. In speaking of the amateurs we must not overlook "Caruso," who would have accumulated enough vegetables last night (if that line of commodity was not so scarce) to have supplied the larder for a month.

At tonight's show the Idoraites will have their last opportunity to see Professor Neuseo in his mind-reading and clever shadowgraph act and will no doubt avail themselves of this chance, as the professor is one of the cleverest in the business. The pictures for this evening's show are exceptionally fine and during intermissions the orchestra will render popular selections.

On Sunday night the stage will be set with an entire new outfit of scenery, which has been prepared by W. Pollard, a scenic artist, from the Majestic theater at Reno, and on this night Kingsbury and Munson will appear for the first time in Tonopah in a peculiar comedy creation, entitled "The Devil in Possession."

YOUNG GIRL TRIES TO RUN AWAY FROM PARENTS

Tiring of the monotony of a long residence in Tonopah, a young girl of this place decided to start out for herself, and yesterday afternoon departed for Goldfield. The girl was under age and her parents, being apprehended that she had run away from home, notified the chief of police and asked to have her brought back. The officers communicated with Sheriff Ingalls of Goldfield and he located the girl and returned her to Tonopah on the morning train.

OUSTED FROM OFFICE; REFUSES TO EVACUATE

SEYMOUR REMOVED AND SUCCESSOR APPOINTED—CHIEF REFUSES TO OBEY.

SAN FRANCISCO, June 3.—The police commission yesterday suspended Chief of Police Seymour and appointed D. A. White, an official of the Gas and Electric company, acting chief pending the hearing of charges against Seymour, on June 8th.

This action was unexpected. A writ of prohibition, returnable on June 9th, having been issued, preventing action on the charges against Seymour recently preferred by Mayor McCarthy.

The suspension was effected at a meeting of the police commission at which Commissioner Joseph Sullivan resigned, J. F. Newell being appointed to his place. New charges of incompetency and neglect of duty were then presented in an affidavit by Police Judge O'Day. The suspension was at once ordered and White was appointed and sworn in.

Seymour refuses to yield the office and both he and White are occupying the office of chief of police at present.

PARTY NOVELTY WHOOPIING COUGH

FIVE-YEAR-OLD SON OF J. ANSON BROOKS STARTS SOMETHING NEW.

BROCKTON, Mass., June 3.—The "whooping cough party" is the latest thing in entertainment for children. J. Anson Brooks, five years old, introduced the novelty here last night.

Brooks, whose birthday fell yesterday, spent a tearful morning when he was told that on account of his affliction, he could not celebrate the day with the expected party.

Finally his mother conceived the idea of inviting eight little friends who also had the whooping cough. The eight sturdy whoopers presented themselves promptly, and for three hours they played and whooped and ate cake and ice cream. An individual cake was presented to the best whooper, and a smaller cake went as a consolation prize to the lad who coughed least.

PRESIDENT TAFT IS ATTENDING GAME TODAY

HE WILL REACH WINDY CITY TWO HOURS EARLIER TO SEE CUBS AND GIANTS.

CHICAGO, June 3.—President Taft arrived in Chicago today two hours earlier than his original plans called for. This is taken to mean that the nation's chief executive will try to find time to attend the baseball game between the Cubs and Giants.

As soon as Charles W. Murphy, president of the Cubs heard of the change in the president's plans, which landed him here at 2 o'clock this afternoon, he telegraphed an invitation for Mr. Taft and members of his party to occupy a box at the game.

The principal object of the president's visit is to discuss "Canadian reciprocity" before the Western Economy society. He has received invitations to several other affairs, and it is expected he will be a luncheon guest of the Irish Fellowship club.

ARRAIGNMENT PUT OFF AGAIN

PROSECUTION NOT LET READY TO DISCLOSE EVIDENCE IN ITS POSSESSION.

LOS ANGELES, Cal., June 3.—Further investigation of the hall of records dynamiting case by the grand jury yesterday caused a delay in the arraignment of Bert Connors, F. Ira Bender and A. B. Maple, indicted Monday on the charge of having attempted to destroy the structure. The arraignment was scheduled to take place today. The postponement of the arraignment was due to the desire of the prosecuting officials to keep secret a while longer the evidence on which Connors, Bender and Maple were indicted.

It was reported yesterday that the jury had started a collateral investigation in connection with the case along with the lines of developing an alleged plot to destroy several buildings.

FATHER AND MOTHER PASS TO GREAT BEYOND

A month ago Charley Mullen of this city was called to Portland, Ore., by a telegram announcing the death of his mother, and while returning to this city Mr. Mullen received a second telegram with the information that his father had passed to the great beyond. Mr. Mullen, Sr., had been in poor health for some time and the loss of his life companion proved too much for him to stand.

JACOBS IN ENTIRE CHANGE OF PROGRAM

EXCELLENT PROGRAM IS ON THE BOARDS FOR THE BUTLER TONIGHT.

This night at the Butler the Jacobs will be heard in an entire change of bill. Hits from "The Chocolate Soldier," a more recent musical satire now having a tremendous run in New York, will be played with Miss Jacoby, violinist, featured accompanied by Mr. Jacoby and the Butler orchestra. Other numbers on the various instruments will shape a clever half hour of music.

Tomorrow (Sunday) afternoon and evening "Martha," Flotaro's best effort and one of the grandest of standard operas, will be given by the Jacobs. This in part with feature excerpts, assisted by the Butler orchestra.

About Miss Josephine Jacoby too much cannot be said. Her ability as a violinist is purely of a Bohemian finish—brilliant, technical and stylish.

Mr. Jacoby, pianist-organist, has been a student. His performances on either instrument at this time show him in the light of past-master of both.

The pictures for tonight are: "The White Rose of the Wild," Biograph; "Who Killed Max?" (Pathé); "An Escape of Gas," and "Billy's Valentine."

Tomorrow's pictures are gospels of sunshine, mirth and human nature. It's the Butler way.

GEORGE LISLES IS AGAIN THE FOREMAN

George Lisle, an old-time and popular miner of Tonopah, is again the foreman of the Extension mine during the absence of Alex Smith, who has gone to Canada to recuperate his health. Mr. Lisle is very popular with the men and is a good miner.

James and Dan Murphy, brothers of "Bill" Murphy, who lost his life in the Belmont fire while attempting to rescue miners who were entombed at the time, are in Tonopah. The brothers will see that the grave is suitably marked by a stone monument.

NO BALL GAME TOMORROW AT VOLUNTEER PARK

NUMBER OF PLAYERS INJURED AND CONTEST CALLED OFF. GOLDFIELD ON 18TH.

There will be no ball game tomorrow. This decision was arrived at today when it was learned that Hunter would be unable to appear because of an injured finger; Spencer's hand is in bad shape and Willett's leg is still sore. With three players of this class out of the game it would be hard to line up a team that would give the fans a run for their money.

On the 18th of the month the Knights of Columbus of Goldfield are coming to Tonopah to be entertained by the local lodge, and the baseball team of that city will come along with them to cross bats with the Tonopah boys. This will be the first game of the season with an outside team and should prove a big drawing card.

Goldfield claims to have a stronger team this year than ever before in the history of the gold camp, and the local team of this city will make them step lively if they take "home the bacon."

The lineup of the Volunteer Firemen's team, as the Tonopah boys will be known, has not been determined at this writing, but it is expected to be under the captaincy of Dr. McDonnell, a good ball player and one whom the boys would have every confidence in as a captain.

Money paid for tickets sold for the game tomorrow will be refunded.

BONNIE CLARE PROPERTY HAS BEEN LEASED

Papers are on record in the county recorder's office whereby a lease is granted to the Bonnie Clare Reduction company by the New Bonnie Clare company. The demands of the lease are that the leasing company will repair and operate the mill continually. The time limit is two years. The property is located in the southern end of Nye county and is well equipped.

CASE OF FIRST NATIONAL BANK OF SAN FRANCISCO VS. NYE COUNTY.

Judge John S. Orr of Reno will arrive on the afternoon train and will hand down a decision in the case of the First National Bank of San Francisco against Nye county, and which is known as the famous note cases. Another decision that is to be rendered is that of the Nye & Ormsby County bank versus the Nye County Mercantile company. These cases have been under advisement for some time and the decisions will be of general interest.
